**DETAILED ACTION  
EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312.

To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. The application has been amended as follows:

-- Claim 1, line 5; delete "slime" and insert -slim--.

***Reasons for Allowance***

- The allowed claims are 1-9.
- The following is a statement of reasons for the indication of allowable subject matter:

Huang shows ( figures 3a ) a grounding plate 124 mounted on the bottom of a printed circuit board 110. Kao shows ( figure 18 ) a reduced thickness plug ( paragraph 87, line 5 ) that mates with a USB series A receptacle 20 ( paragraph 87, line 16 ), a holder 64 with a grounding plate 66 mounted on the bottom surface of the holder 64 and that elastic plates 28 ( figure 2 ) elastically contact the grounding plate 66 ( paragraph 87, line 21 ). However, neither Huang or Kao are found to teach the grounding plate connected with grounding circuits on the bottom of the circuit board in combination with all the other elements of the claim and the examiner knows of no permissible motivation to combine the prior art such that the subject matter as a whole would have been obvious at the time the invention was made.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
